

Making connections with other members and your community is key to your professional success. Get involved with Chamber events in the following ways...

I've RSVP'd For The Next Chamber Membership Orientation - Gather in a quieter setting to meet some of the Chamber staff and learn more about all your Chamber benefits. Ask questions, meet a few other new members, and enjoy a delicious lunch on us. [Check the calendar and RSVP to attend here.](#)

I'm Scheduled To Introduce Myself At The Next General Meeting - All new members are given the prime opportunity to introduce themselves and share key features about their products and services at the [Chamber's next General Meeting](#). This event is attended by 65-90 people and a great chance to meet other members and let us know who makes a good referral for you. [View our Event Calendar](#) and then email Maurita Colburn Maurita@BothellKenmoreChamber.org and let her know which event you'll be attending.

I've Added More Chamber Events To My Calendar - People do business with those they know, like and trust and the only way they get to know you is to meet you and socialize with you (aka networking.) [View our Full Event Calendar](#) and make it a priority to attend upcoming events. We offer events morning, noon and night, large and small throughout the year to fit your style and schedule!

I've Explored The Chamber's Committees - The Chamber offers several [Committees](#) to help our members become more engaged with topics and activities of interest to you and your business. [Take a look at our Committees](#), plan to attend a couple, and discover the benefits of working closely with other members toward common goals.

I'm Scheduled To Volunteer - Come network without the networking! Volunteering for a short shift at a fun community event is the best way to enjoy giving back to your community while working alongside others. Come build new friendships - we've got lots of opportunities for you. Email Maurita Colburn Maurita@BothellKenmoreChamber.org and let her know you're interested!

We're here to help... Have questions or need assistance?
